OFFICIAL ORDERS.

Important Order from Gen. Canby.

HEADQ'RS 2d MILITARY DISTRICT,
CHARLESTON, S. C., Dec. 31, 1867.

GENERAL ORDERS, No. 164.

I. Paragraph II of General Orders No. 10, from the Headquarters of the Second Military District, dated April 11, 1867, is modified as follows:

SUITS FOR DEBTS.

Judgments or decrees for the payment of money on causes of action arising in North Carolina between the 20th of May, 1861, and the 20th day of April, 1865, and in South Carolina between the 19th day of December, 1860, and the 20th day of April, 1865, shall not be enforced, by execution, against the person or property of the defendant. Proceedings for such causes of action now pending shall be stayed, and no suit or process shall be instituted or commenced on such causes of action until after the civil government of the respective States shall be established, in accordance with the laws of the United States.

Paragraph III of the same [illegible] modified as follows:

EXECUTIONS.

Sheriffs, coroners and constables are hereby directed to suspend the sale of all property upon execution, or process under any judgment or decree of a court of the so-called Confederate States, or of the State of North Carolina, rendered between the 20th day of May, 1861, and the organization of the provisional government of said State, under the President's proclamation of the 29th day of April, 1865, or the State of South Carolina, rendered between the 19th day of December, 1860, and the organization of the provisional government of the said State, under the President's proclamation of the 30th day of June, 1865, unless the written consent of the defendant be entered on record, and except in cases where the plaintiff or his attorney upon oath, supported by corroborative testimony, shall allege that the defendant is disposing of, removing, or about to remove, his property beyond the jurisdiction of the court, with intent to defraud his creditors: *Provided*, that no such judgment, so rendered, within the periods aforesaid, shall be a bar to the commencement, in a State court, of a new suit upon the same cause of action in any case in which, by law, the defendant may remove or appeal the same to a court of the United States.

FORECLOSURE OF MORTGAGES.

The sale of real or personal property, by foreclosure of mortgage, is likewise suspended in the cases embraced in paragraphs II and III, of said order No. 10 as above amended, except in cases where interest money accruing subsequent to the 29th of April, 1865, shall not have been paid before the day of sale, and all previous restrictions on such sales are revoked.

Paragraph IV of the same order is modified by substituting the 29th day of April, 1865, for the 19th day of May 1865.

Paragraph V of the same order is modified as follows:

SUITS ON NEGRO DEBTS,

All proceedings for the recovery of money on contracts, whether under seal or by parol, the consideration of which was the purchase of slaves made subsequent to the 1st day of January, 1863, are suspended.—Judgment or decrees entered for such causes of action shall not be enforced.

Paragraph VII of the same order is modified as follows:

HOMESTEADS.

In all sales of property under execution or by order of any court, there shall be reserved out of the property of any defendant who has a family dependent upon his or her labor, a dwelling house and appurtenances, and (if in the country) twenty acres of land, or so much thereof that the whole shall not exceed in value the sum of two thousand dollars; and in a town or city the immediate lot upon which such dwelling house is situated; and necessary articles of furniture, apparel, subsistence and implements of husbandry, trade, or other employment, to the value of five hundred dollars. The homestead exemption shall inure only to the benefit of families. In other cases the exemption shall extend only to clothing and implements of trade or employment usually followed by the defendant, of the value of two hundred dollars. The exemptions hereby made shall not be waived or defeated by the act of any defendant, who has a family dependent upon him or her support, and the exempted property shall be ascertained and defined by the sheriff or other officer enforcing the execution, who shall call to his aid two impartial citizens to make the necessary appraisement, and shall make report thereof to the court.

ARREST FOR FRAUDULENT DEBTS.

Paragraph X is hereby modified so as to authorize arrest in civil actions *ex contractu* only in cases where the demand is past due, and the defendant has been guilty of fraud in contracting the debt sued for, or has removed or disposed of his property, or is about to do so, with intent to defraud his creditors, or is about to leave the State with such intent.

EXECUTORS AND TRUSTEES.

Paragraph XIV is amended by adding thereto: All proceedings in any court of North Carolina, or of South Carolina, recognizing or sanctioning the investment of the funds of minor heirs, or of females, or of insane persons, in the securities of the late rebel government or the securities of the States of North Carolina or South Carolina, created for the purpose of carrying on the war against the government of the United States, will be suspended until the question of the validity of such investments shall have been determined by the courts of the United States, or by national legislation. And nothing in the provisions of this order, or of the order No. 10 above cited, shall be held to bar or hinder the recovery, by suit, of the estate of any minor heir, female, or insane person, (*cestuique trust*) whether in the hands of executors, administrators, trustees, guardians, masters or clerks of equity courts, and other fiduciary agents, or invested by them in their fiduciary character.

DISTILLERIES.

II. General Orders No. 25, of May 20, 1867, is revoked; and on and after the first day of January, 1868, the distillation of spirituous liquors in this Military District will be subject to such restrictions only as are imposed by the laws of the United States and of the States of North and South Carolina, respectively.

BAR ROOMS.

III. Paragraphs VI and VII of General Orders No. 32, dated May 30, 1866, are revoked, and the power to grant licenses for the sale of spiritous or intoxicating liquors is remitted to the proper local authorities, to take effect on and after the first day of January, 1868, and to be subject to the following conditions:

1. The municipal authorities granting the license shall be answerable that the parties to whom such licenses are granted, together with their sureties, shall be responsible persons, and of good moral standing in the community, and that both principal and sureties shall be able to qualify individually in double the amount of the bond required, and that the bond shall be a lien upon the personal property of both principal and sureties, and upon proof of default shall warrant the summary seizure and sale of so much of the property of either or both as may be necessary to satisfy the forfeiture or fine and cost.

2. Drunkenness and disorderly conduct on the premises shall work the forfeiture of the license and of the penalty of the bond.

3. The owner or keeper of any bar room, saloon or other place at which intoxicating liquors are sold, and other persons interested or connected therewith, shall be regarded as principals in any action of damages growing out of any assault, riot, affray or other disorder occurring on the premises, or directly traceable thereto.

4. All bar rooms, saloons or other places at which intoxicating liquors are sold, shall be closed on the day or days of any general or local election, and for the twelve hours next preceeding the opening and next succeeding the closing of the polls at such election: and the sheriffs of the counties and districts and the chief of police of cities and towns, shall have power to direct the closing of bar rooms and other places for the sale of intoxicating liquors wherever it may be necessary in their judgement to preserve order and quiet.

5. The proceeds of all license, forfeitures and fines, under the local regulations or under the provisions of military orders, will be devoted to the support of the poor, and as soon as realized will be turned over to the commissioners or overseers of the poor of the district, county, city or town in which they accrued, and the commissioners or overseers will at the end of each month report to the Provost Marshal General of the District the amount received by them during the month, specifying the names of the parties from whom it was received.

6. The penalties imposed by this order or by the local police regulations may be enforced in any civil or military court, and upon conviction the court may award to the informer a sum not exceeding fifty per cent. of the forfeiture or fine. And it is made the duty of all sheriffs, constables and coroners of counties and districts, and the police of cities and towns to be vigilant in the enforcement of the police regulations [illegible] the provisions of this order in relation to the [illegible] regulating [illegible].

The provisions of this paragraph will be held to apply to such licenses granted under General Orders No. 32, to innkeepers, as remain unexpired after the 1st of January, 1868.

DISTRICT COURTS.

IV. To promote the speedy trial of prisoners confined for minor offences, and diminish the cost of their maintenance, all committing magistrates will on the 15th and last days of each month, report to the Judge of their county or district court all commitments made by them during the preceeding half month, specifying the date of commitments, the names of the prisoners and the offences for which they were committed, to the end that the judges may whenever in their opinion the number of prisoners or other considerations of public interest call for it, hold special terms of their courts for the purpose of disposing of such cases. The additional expense of holding such special terms will be charged upon the State Treasury, and the accounts therefor will be audited and paid, as accounts of a similar character are now audited and paid, and if the salaries now paid the judges should be inadequate in view of the additional labor performed by them, a reasonable addition upon the proper representations through the Governor of the State, will be allowed.

PILOTAGE.

V. The pilotage regulations now existing in the State of North and South Carolina are so far modified that on and after the first day of March, 1868, all passenger steam vessels, regulated by the laws of the United States, and carrying a pilot commissioned by the United States Commissioners, shall be exempt from the compulsory payment of pilotage.

NORTH CAROLINA POLL TAX.

VI. So much of the act of the General Assembly of the State of North Carolina, entitled "An act to raise monies," ratified on the 26th day of February, 1867, as makes it "the duty of all persons and corporations to list and pay the (poll) tax of such persons liable to the same, as are in their employment, on the first day of April of each year, as laborers," is rescinded, and hereafter all individual taxes will be assessed directly upon and collected directly from the individuals from whom they are due; *provided*, that the provisions of this order shall not apply to the taxes levied for the current year, except that double poll tax shall not be enforced if the original tax be paid on or before the 1st day of March, 1868.

By command of Brevet Major General ED. R. S. CANBY:

LOUIS V. CAZIARC,
Aide-de-Camp,
Actg. Asst. Ad. Genl.

Extract from general orders No. 10, referred to in the above order of Gen. Canby:

Second. "Judgment or decrees for the payment of money on causes of action arising between the 19th of December, 1860, and the 15th of May, 1865, shall not be enforced by execution against the property or the person of the defendant. Proceedings in such causes of action now pending shall be stayed, and no suit or process shall be hereafter instituted or commenced for any such causes of action."

Third. "Sheriffs, coroners and constables are hereby directed to suspend for twelve calendar months the sale of all property upon execution of process on liabilities contracted prior to the 19th of December, 1860, unless upon the written consent of the defendants, except in cases where the plaintiff, or in his absence his agent or attorney, shall upon oath, with corroborative testimony allege or prove that the defendant is moving or intends fraudulently to remove his property beyond the territorial jurisdiction of the Court. The sale of real or personal property by foreclosure of mortgage is likewise suspended for twelve calendar months, except in cases where the payment of interest money accruing since the 15th day of May, 1865, shall not have been made before the day of sale." *Fourth.* "Judgments or decrees entered or enrolled on causes of action arising subsequent to the 15th day of May, 1865, may be endorsed by execution, against the property of the defendant, and in the application of the money arising under such executions, regard shall be had to the priority of liens unless in cases where the good faith of any lien shall be drawn in question. In such cases the usual mode of proceeding adopted in North and South Carolina respectively to determine that question, shall be adopted.

"*Fifth*: All proceedings for the recovery of money under contracts, whether under seal or by parole, the consideration for which was the purchase of negroes, are suspended, Judgments or decress entered or enroled for such causes of action shall not be enforced.

Seventh. In all sales of property under execution by order of any court, there shall be reserved out of the property of any defendant who has a family dependent upon his or her labor, a dwelling house and appurtenances and twenty acres of land for the use and occupation of the families of the defendant, and necessary articles of furniture, apparel, subsistence, implements of trade, husbandry or other employment of the value of $500. The homestead exemption shall inure only to the benefit of families—that is to say, parent or parents and child or children—in other cases the exemption shall extend only to clothing, implements of trade or other employment usually followed by the defendant, of the value of $100. The exemption hereby made shall not be waived or defeated by the act of the defendant. The exempted property of the defendant shall be ascertained by the Sheriff or other officer enforcing the execution, who shall specifically describe the same, and make a report thereof in each case to the Court."

"*Tenth.* In suits brought to recover debts known as actions *ex contractu*, bail, as heretofore authorized, shall not be demanded by the suitor nor taken by the sheriff or other officer serving the process: in suits for trespass, libel, wrongful conversion of property and other cases, known as actions *ex delicto* bail, as heretofore authorized, may be demanded and taken,—The prohibition of bail in cases *ex contractu* shall not extend to persons about to leave the State, but the fact of intention must be clearly established by proof."

"*Fourteenth.* The punishment of death in certain cases of burglary and larceny imposed by the existing laws of the provisional governments in this military district, is abolished. Any person convicted of burglary or of larcency, when the property stolen is of the value of $25, of assault and battery with intent to kill, or of assault with a deadly weapon, shall be deemed guilty of felony, and shall be punished by imprisonment at hard labor for a term not exceeding ten years nor less than two years, in the discretion of the court having jurisdiction thereof. Larceny, when the value thereof is less than $25, shall be punished by imprisonment at hard labor for a term not exceeding one year in the discretion of the court."

Washington Correspondence.

WASHINTON, D. C., March, 2nd, 1868.

Everything is quiet in Washington. As the President has not tried to use force [illegible] ejection of Mr. Stanton, but the impeachment committees report, says he has [illegible] persuade General Emory command[illegible] the forces stationed in the District, [illegible] Mr. Stanton from the War Office by [illegible] did not succeed. General Thomas [illegible] suit against Secretary Stanton [illegible] imprisonment, laying the damages [illegible]. Whether he will be benefitted [illegible] the suit [illegible] it will cause Mr. Stanton some anxiety of mind and no little inconvenience and trouble. Gen. Thomas employed two of the best lawyers in the country to prosecute the case. Mr. Merrick and Walter S. Cox—the former figured as chief counsel in the trial of John H. Surratt. It is stated that Gen. Thomas has entered suit against Stanton at the request of his counsel.

The President gave a State dinner at the White House on Friday evening. It was largely attended by members of Congress, cabinet ministers and several prominent Democratic politicians. Mr. Johnson appears not at all depressed, but retains his usually quiet and easy manner at all times.

There is a general depression in business here as elsewhere at the present date. The two principal Theatres which as a usual thing in the past, were crowded by large audiences nightly, present very thin houses now. The unsettled state of public affairs, has produced a sad change among the many interested in the prosperity and welfare of their country; and instead of the usual number of private parties, balls and receptions, there are meetings of a political nature, and private gatherings especially of the male sex nightly to speculate as to what will be the final issue of the pending crisis.

In connection with the Presidency, Grant has gained the favor of the majority of the stronger Republicans in every direction, while many speak of Chase as the favorite. Mr. Johnson's name is not used as freely as he might desire it in this connection. The issue undoubtedly is between him and Pendleton. An election of Mr. Johnson at this time would of course be received by the country at large as an endorsement of his administration *in toto*, but this is hardly probable. The Democrats are slow in choosing their leader.

THE STATE CONDENSED.

☞ Sargent is in Charlotte *illusioning* the printers.

☞ The Charlotte *Democrat* of yesterday, comes down on all gift enterprises, and denounces them as swindles.

☞ The building of the Wadesboro' Bank was sold, in Wadesboro', on Thursday last, for the sum of one thousand, five hundred and fifty dollars in currency.

☞ Under a writ of sequestration from the Clerk and Master in Equity for New Hanover county, Sheriff Bunting, yesterday, seized the Wilmington and Manchester rail road and placed it in the hands of Mr. Geo. G. Hull, the duly appointed Receiver. The latter has now assumed possession of the road, including its real and personal property, rights and franchises. Agents and others acting in this capacity are notified that all balances which may accrue in their hands from the sale of tickets or otherwise, on and after March 1st, must be paid to the Receiver.

This change does not interfere with the regular operations of the Road.—*Wil. Jour.*

☞ News from the mouth of the river below report the prevalence of a storm yesterday. The wind was very high and blowing a perfect gale.—*ib.*

The brig S. P. Brown, from Cardenas, was seen off New Inlet Bar, but the wind was blowing so strong that it was impossible for the tug to get out to tow her in.—*ib.*

☞ Information was received in this city by telegraph that the dwelling in Magnolia, occupied by Capt. J. E. Leggett, was consumed by fire yesterday. It was a large two-story building, owned by Messrs. Thos. Branch & Sons, of Petersburg. Only a small portion of Capt. L's. furniture was saved.—The fire is supposed to have caught from sparks from the chimney.—*ib.*

☞ The wind blew with such force on Sunday night, and shook the houses in the city to so great an extent, that some persons are led to believe that we were visited with a slight earthquake. However this may be, the manner in which some houses were shaken was truly alarming. By the force of the wind another portion of the walls left standing by the late fire were blown down. They are becoming dangerous and should be removed.—*ib.*

A Company of burglars in Ohio tied up a family while they ransacked the house and secured the amount of eighteen dollars and seven cents as plunder. They kindly left the change.

DR. J. J. LAWRENCE—Dear Sir:—Please send me immediately per Express to Tarboro', two dozen more bottles of your Rosadalis. I have carefully examined its Formula, and have used it in my practice in a number of cases. I am well pleased with it. I think it, beyond doubt, the best Alterative I ever used. I have tried it in several cases of Scrofula and Scrofulous affections, &c., with much satisfaction to myself and patients. I have also used it in Secondary and Tertiary Syphilis, [one a terrible case of eight years' standing,] in which it acted with surprising and satisfactory effect—making a quick and thorough cure. I have, therefore, no hesitation in recommending it to Physicians and others, as the most reliable Alterative now known.

Respectfully yours, &c.,

A Wonderful Cure of Scrofulous White Swelling.

[HOME CERTIFICATE.]

I hereby certify that last September I was attacked with White Swelling of the left knee—and also with an enlargement of the glands of the neck—[one tumor reached a large size.] The swelling of the knee was enormous, and was attended with the most excruciating pains. I was so reduced that I was confined to my room over three months. My leg was so completely drawn up that I could not bend it all. I tried various remedies, and they failed to give me any relief. I was in this condition when I commenced taking Dr. Lawrence's Rosadalis. The swelling in the knee and neck began to subside before I took all of the first bottle. By the time I took the second bottle, the swelling of the neck entirely disappeared, and that of the knee nearly so. After taking three bottles I found myself completely well—able to walk as well as ever, &c.

Rosadalis Cures Carbuncles, Boils, Pimples, &c.

CERTIFICATE FROM AN OLD AND MUCH RESPECTED CITIZEN OF GREENE COUNTY, NOW A RESIDENT OF WILSON, N. C.

I hereby certify that, during the summer and fall of 1866 I was severely afflicted with Carbuncles—having had as many as fourteen large Carbuncles, and twelve ordinary Boils. I suffered so much from them that I could not get out of the house half the time for several months. Being induced to try Dr. Lawrence's Rosadalis, I was entirely cured by the use of one bottle of that truly valuable medicine.

Consumption, in its Early Stages can be cured.

BALTIMORE, Md., March 4th, 1867.

Dear Dr. Lawrence:—My daughter having been cured of a deeply seated disease of the lungs by your Rosadalis, I feel it my duty to make the fact known to you for the benefit of others. She suffered nearly two years with a hard cough, which troubled her day and night; at last the emaciated form, glassy eye, night sweats, together with the cough, told too plainly that it was *Consumption*, beyond question, eating at her vitals. Our Physician's remedies brought no relief. She was advised to try your Rosadalis, as a tonic—which she did—imagine my surprise and gratification, when I found her appetite returning. Slowly she regained her strength, her cough and night sweats gradually ceased, and she is now, after taking five bottles of your medicine, apparently as well as ever.

Yours, respectfully,
MRS. E. ANN SMITH.

SALT RHEUM CURED! REMARKABLE CURE!!

DR. LAWRENCE, Wilson, N. C.:

My Dear Sir—For the last ten years, until recently, I suffered with an inveterate eruption of the skin—called by Physicians "Salt Rheum," with which I suffered terribly; the pain and itching was almost intolerable. I tried several of the best Physicians in Europe and this country—have visited several celebrated springs—spent thousands of dollars, and failed to get any better. In December, 1866, being in Charleston, S. C., I was told by a gentleman at the hotel that he had been cured of a bad tetter by a medicine called "Rosadalis." I resolved to try it, without any hope though of its doing me any good. I procured a bottle of Messrs. King & Cassidey, and commenced taking it. Finding, to my surprise, that I was improving, I bought four other bottles; but before commencing on the last two, I found I was completely well—the disease having entirely disappeared.

Enclosed find One Hundred Dollars, which please accept as a token of my gratitude. Why do you not make your invaluable Rosadalis widely known? Your sincere friend,

W. T. SELTZER.

THE RECONSTRUCTION COMMITTEE

The Reconstruction Committee is composed of Messrs. Stevens, of Pennsylvania (chairman); Boutwell, of Massachusetts; Bingham, of Ohio; Farnsworth, of Illinois; Hulburd, of New York; Beaman, of Michigan; Paine, of Wisconsin, republicans; Brooks of New York, and Beck, of Kentucky democrats—seven to two.

REPUDIATION.

We had hoped that the utterly impracticable, because palpably unconstitutional schemes of Repudiation and Stay Laws, or Ordinances, to be passed by the Convention, had been abandoned. The temporary one, adopted some weeks ago, provides for its own cessation as soon as the Constitution shall be ratified, or at furthest by the first day of July; and in the meantime, it depends for its validity upon the sanction of General Canby. But the Ordinance which was agreed to yesterday in the Convention, contemplates a wholesale repudiation of contracts entered into prior to the first day of May 1865, unless the creditor comes into court and consents to take a judgment, on the condition that the debt is to be paid in ten annual instalments. The first section of the Ordinance embraces the reprehensible feature to which we would call attention, and is as follows:

SECTION 1. *It is hereby ordained by the people of North Carolina, in Convention assembled*, That no court of law or court of equity created by the Constitution, which shall be adopted by this Convention, shall have jurisdiction of any action founded on a contract made or entered into prior to the first day of May, 1865, (with certain exceptions not necessary to mention) nor of any action, suit, or process to revive, continue or enforce any judgment heretofore recovered in any action founded as aforesaid; nor of any action founded on any bond, promissory note, bill of exchange or parol promise made since the 1st of May, 1865, in renewal of, or substitution for, a contract made prior to 1st of May, 1865, to the full amount of the principle and interest of a debt, existing prior to said day, and without other consideration than such pre existent debt; nor of any action, suit, or process to revive, continue or enforce any judgment heretofore recovered upon any such bond, promissory note, bill of exchange or parol promise as is herein before mentioned: *Unless* before or at the time of commencing any such action, proceeding or motion, or of suing out such process, or of executing or enforcing the same, the plaintiff therein, in person or by his attorney, shall by deed, or of record, stipulate that if the defendant shall at the current or next ensuing term of the Court, to which such action shall be brought, or in which it is pending, or to which such process is returnable pay to the plaintiff, or into Court for his use, the one-tenth part of the sum of the principal and interest, up to the first day of January, 1868, of the debt recovered, or demanded and not denied to be due, together with the taxable cost of such suit or process, and shall annually for nine years thereafter, pay as aforesaid a like sum; the said plaintiff will accept such payments in full satisfaction and discharge of the demand asked for. *And if* the defendant shall pay the said costs and the debt in tenths annually in manner aforesaid, the action shall be continued from term to term in the Court, but the Court shall have no jurisdiction to hear, try or determine the same, or to make any other order therein.

Mr. Rodman the author of this Ordinance is a lawyer of reputation, and cannot be ignorant of the Constitutional prohibition of laws impairing the obligation of contracts, and of the judicial decisions made under it by the Supreme Court of the United States. Judge Story lays it down as "perfectly clear, that any law which enlarges, abridges, or in any manner changes the intention of the parties, resulting from the stipulations of the contract, necessarily impairs it;" and that "any deviation from its terms by postponing or accelerating the period of performance," impairs its obligation. *A fortiori* a law which makes the contract wholly invalid, or extinguishes or releases it, is a law imparring it."

The decisions to this effect are numerous. Even a law of one of the Western States requiring that lands sold under execution shall bring two thirds of their assessed value, has been declared unconstitutional. Mr. Rodman is aware of all this, and yet, in utter disregard of the Constitution and of the Supreme Court, he has framed, and procured the passage of an ordinance which repudiates private contracts, unless the creditors will submit to a ten year's stay law. He must know that if honest Judges are elected they will be bound by their oaths to declare this ordinance unconstitutional. It wears the aspect of a defiance of the national Government, and leaves room for the suspicion that the author is not yet cured of the heresies of Nullification and secession, in which he was educated. We fear he is too old to learn that the Constitution of the United States is "the supreme law of the land," "anything in the Constitutions and laws of the several States to the contrary notwithstanding." We trust the Convention may reconsider its action of yesterday, and that in returning the State to the Union it will not send up representatives to Washington with a loyal Constitution in one hand, and an ordinance of nullification in the other.

We deeply sympathize with the hardships of the people, and we will gladly support any Constitutional plan of relief.

We venture to suggest the following: Let an ordinance be passed, or let it be an article of the Constitution that whenever land shall be sold under execution, and the bystanders fail to bid an amount equal to the assessed value, it shall be struck off to the State, as the purchaser. *Provided*, That the assesment shall not exceed two-thirds of the real value, when made.

The practical effect of this fundamental clause would be to make the owners of real estate mutual insurers; and a tax on real estate should be laid to meet the demands upon the Treasury thus created. Such an ordinance would do a hundred-fold more to relieve the people than the schemes of repudiation and Stay Laws, for it would at once double or treble the value of real estate, and inspire commercial confidence, which is now so much lacking. The State Treasury would not be charged by it to the extent of one million dollars, for which the land would furnish ample security; and who will not say that the investment would be a hundred-fold more safe than that which the Convention has already made in the Wilmington and Charlotte Railroad?

AN OPPROBRIOUS [illegible]

J. G. Lash, Esq., of Forsyth, is known to be one of the most intelligent, respectable and loyal gentlemen in the State. He never bowed to Baal. He is iron-clad at all points, and can be trusted by all true Republicans, and by all men who desire to see the State restored to the Union. Let us all unite upon him, and make him Governor. He needs none of the pardoning grace of Congress to make him clean, and to fit him to be ruler of a loyal, reconstructed State. The editor of the *Standard* we are quite sure, could cordially support Mr. Lash, if a friend of his were out of the way. We appeal to the *Standard* to exert its powerful influence with Governor Holden. Call on him, in the name of Liberty and Union, which he loves so well, to withdraw in favor of Mr. Lash.—There is a strong feeling of repugnance among a large class of Union men—especially among the old anti-slavery men of the State, to the support of ex-Governor Holden. If he will magnanimously sacrifice his present doubtful chances, they will think a great deal better of him, and will very probably forget old grudges before another election comes off. The old anti-slavery men of North Carolina are conscientious, Christian men; they are patient, long-suffering, forbearing, forgiving: but they always like to see in their repentant enemies, persecutors and slanderers, "fruits meet for repentance." A mere declaration of repentance, which is accompanied by a demand for high office, fails to convince them of the genuiness of the sorsow. But when they see penitents coming, clothed in sack-cloth and ashes the hearts of the old friends of liberty are melted with compassion, and immediately they go and kill the fatted calf, and bring out the costly raiments, for then they know the lost is found, and the dead is alive again. Will not such considerations as these induce Mr. Holden to postpone his "claims?"

PROCEEDINGS OF THE CONVENTION.

TUESDAY EVENING, March 3.

The Convention was called to order at 7½ o'clock.

President Cowles in the chair.

The roll was called and 86 members answered to their names.

SPECIAL ORDER.

Mr. Rodman's ordinance, introduced some weeks since in regard to relief, being the special order for the night was taken up and read.

Mr. Rodman arose and proceeded to explain the subject, section by section, and said the ordinance was not only intended to give relief to the debtor, but to the creditor also. He argued that it contained no taint of repudiation; and failed to see why it could not be passed.

Mr. Congleton opposed the bill on the ground that it extended relief to a certain class only. He wanted a bill that would relieve all and for such an one he would vote.

Mr. Hobbs would go for anything that would extend relief to the people, if it could be incorporated in the Constitution. Opposed the idea of making any ordinance a separate subject to be voted upon, distinct from the Constitution.

Mr. Hodnett said the whole cry of relief came from the rich man, the large land owners, and not from the poor working man. They (the rich men) were crying for relief from their obligations to the poor man. Mr. H. wished to know if that was the balance scale of justice?

Mr. Jones, of Washington, spoke long and earnestly in opposition to the proposition, and said that he considered it, after the whole matter was summed, up to be nothing more than practical repudiation.

Mr. Rodman said he had done his duty, and would wash his hands of all responsibility. He wanted the people of the State to know who it was that was opposed to giving them relief, and demanded the previous question. He demanded the ayes and nays and upon being called resulted in the passage of the ordinance—ayes, 48; nays 42.

Mr. Durham said he would vote in the affirmative for this reason, namely, because the people would have the chance of voting upon the matter separately, but thought the whole thing unconstitutional.

Mr. Tourgee gave notice that on to morrow he would move a reconsideration of the vote just taken.

Mr. Rich moved to take up his resolution (published yesterday) in regard to the appointment of a committee of two from each Congressional District to arrange matters for the Constitution. The motion to take up prevailed, and Mr. Tourgee moved to amend by striking out the preamble. Carried.

Mr. Tourgee then moved to strike out that portion which authorizes the appointment of two from each Congressional District, and substitute the Committee of 1 already formed, with the addition of the introducer of the resolution, Mr. Rich. The motion prevailed, and the resolution adopted.

No other business being before the House, Mr. Hood moved to take up the report of the Committee on Penal Institutions, which motion prevailed.

A resolution was offered by Mr. Forkner limiting the time of debate to 15 minutes, which, after some discussion was ruled out.

The report then being taken up,

Mr. Ashley arose and proceeded to speak, and offered the following substitute for the 5th section:

"For the prevention and correction of pauperism, the General Assembly is authorized to establish and maintain, or aid so doing, such institutions for correction and reformation as may be deemed necessary and practicable."

After some remarks by Mr. A., the Convention adjourned without taking a vote.

WEDNESDAY, March 4.

The Convention was called to order at 10 o'clock.

Prayer Rev. Mr. Logan, of the Convention.

The roll was called and 90 members answered to their names.

Journal of the previous day read and approved.

PETITIONS.

Mr. French, of Bladen, a petition from James Johnson. Referred to Committee on Relief.

REPORTS OF COMMITTEES.

Mr. King, of Lenoir, from the Committee on Contingent Expenses, submitted a report from that Committee, recommending that the sum of $934.26 be paid conjointly for printing and stationery.

The report was accepted and adopted.

Mr. Fullings from the Committee on Privileges and Elections, to whom was referred the claim of Lorenzo D. Hall to the seat of Mr. Williams, of Sampson, submitted the report of the Committee which recommended that Mr. Williams' seat be vacated by that gentleman and allowed to Mr. Hall.

The report was accepted.

A motion was made to adopt the report when Mr. Durham objected, and said the rules would have to be suspended, and to that he would object.

The Chair decided that, as the rules would have to be suspended, and as the gentleman from Cleaveland had objected, no action could be taken.

RESOLUTIONS.

Mr. Holt, a resolution in regard to the assassination of the late President, Mr. Lincoln, and in condemnation of Mr. W. W. Holden.

Several members objected to the reading of the resolution, and, on motion of Mr. French, of Chowan, it was returned to its owner, without being read.

Mr. Ing, a resolution abolishing the Committee on Divorce.

The hour for the consideration of the Special Order arrived before any action was taken.

SPECIAL ORDER—IMMIGRATION.

The question recurred upon the substitute of Mr. Candler. Prolonged and conflicting debate ensued until the hour of twelve arrived, the time set apart for the consideration of the report of the Committee on Finance, when

This report was adopted after some amendments.

The report, as amended, will be published by us as early as practicable.

Mr. Rich, by consent, introduced an ordinance to amend the charter of the Chatham Railroad, which was referred.

Leave of absence was granted Mr. Jones, of Washington.

The Convention then adjourned till 7½ o'clock this evening.

At a dinner given by the directors of one of the Boston State banks, one evening last week, there were present, among others, thirty gentlemen worth a $1,000,000 each.

The people of Florida are now indulging in green peas, peppers, fresh lemons and new

THE HOUSEHOLD REMEDY.

As the hot weather progresses, cholera morbus, diarrhea and dysentery will be found very prevalent. These diseases are indigent to the season, and, if neglected, often terminate fatally. It is therefore necessary for every family to be provided with a reliable antidote to these dangerous maladies. *Hostetter's Stomach Bitters* has been proven, by past experience, to be the greatest household remedy of the age. No preventive of disease, or restorative of health, has ever achieved half the popularity of this safe and yet powerful agent. It acts directly upon the liver and digestive functions, removing all troubles of a bilious tendency, regulating the escretions and toning and strengthening the stomach. When the nervous system has become impaired, and the patient experiences a fretful and excitable temperament, he will find this a soothing and health-restoring preparation, as it acts like a charm upon the worn down and weary system, without reaction or excitement of the brain, which is often the case with other preparations.

The virtues of *Hostetter's Stomach Bitters* are acknowledged throughout the country for Fever and Ague, and diseases arising from miasma, giving relief when all other remedies have failed, soothing the sufferer from nervous debility, and imparting strength to the weak and shattered constitution. In cases of dyspepsia it has proved invaluable, and is generally used wherever its health-restoring qualities are known.

WANTED—AGENTS TO SELL DR. WM. SMITH'S

"DICTIONARY OF THE BIBLE."

It contains over 1000 closely printed, double column, octavo pages, from new electrotype plates, on good paper, and is appropriately illustrated with more than 200 engravings on steel and wood, and a series of fine, authentic maps.

It comprises the Antiquities, Biography, Natural History, Topography, and is a complete Cyclopedia of the Scriptures.

It is necessary to every Bible reader, indispensable to every Minister and Sunday School Teacher, and ought to be in every family.

It is highly commended by all learned and eminent men, and by the press generally in all parts of the country, as the best book of the kind in the English language.

DO NOT BE DECEIVED!

Owing to the unprecedented popularity of this Work, a small English abridgement, in duodecimo form, of about 600 pages, has been reprinted in this country in larger type, and spread over 800 octavo pages, evidently—by making a larger book than the original—to give the impression easier that it is our edition. It has less than half the reading matter of ours, and is sold considerably higher than the English edition of the same book in this country. Some agents are endeavoring to palm off this juvenile edition for ours.

Teachers, students, retired clergymen, farmers, and energetic women find the agency for this work both pleasant and lucrative employment. Send for circulars, giving full particulars, terms, &c., to

LOCAL DEPARTMENT

NOTICE ALL.—All letters or communications of whatever nature, connected with the business of this office, must be addressed to the "BUSINESS MANAGER OF THE REGISTER." Our friends will please recollect this, as much trouble is experienced under the present system.

THE MECHANICS ASSOCIATION.—A few months ago there was a Mechanical Association being formed in our city, which, had its formation been carried fully out, would have advanced the interests of the workingmen of the city, to a considerable degree. Books were kept opened at Messrs. Branson & Jones' to receive the signatures of all who wished to purchase stocks, and the early existence of a Mechanics Association was anxiously looked for. But many have been disappointed. For weeks past nothing has been said in regard to such a thing, and all efforts to complete the organization appear to have been abandoned. Now we are unable to see why Raleigh cannot keep up with many other cities, in matters of this kind, and, as such a thing as a Mechanical Association would be an innovation that would not be objected to, we call on those who commenced the work of organizing and left it unfinished to come forward and complete it.

COMING IN.—Though but a day or two has elapsed since Mr. Helper announced his determination through the columns of this and other city journals, to publish an illustrated campaign paper to be entitled the "*Holden Record*," yet orders for from 1 to 15 copies are pouring in daily from every direction. By the time the first number is issued it is thought that no less than twenty-five thousand copies will supply the demand. Persons wishing to circulate the nature of their business over all this and portions of other States, would be wise to come forward and make contracts immediately, as only a limited number of advertisements will be received.

MAYORS COURT.—*His Honor Wm. D. Haywood presiding.*—The following violaters of the law were presented this morning:

James Dunston, colored, charged with stealing wood from the wood house in Capitol Square. Returned to the Superior Court.

Mary Jane Simpson and Ella Barham, colored, arrested by the night police, on Person street, for disorderly conduct, lodged in the guard house and discharged according to law.

Henry Mordecai, colored, charged with an assault upon Sarah Sugg. Returned to the County Court.

ALMOST A FIRE.—We learn that between eight and nine o'clock Monday night the roof of Mr. Cook's hotel was observed to be on fire, which was supposed to have become ignited by sparks from one of the chimneys, although the weather was damp and a slight sprinkling of rain was falling at the time. The fire was easily extinguished without doing any damage.

COUNTY COURT.—This tribunal has been in session for the past two weeks and is still sitting. It has disposed of a great deal of business, and yet there remains much more on the docket.

PERSONAL.—We had the pleasure, yesterday, of shaking the hand of Mr. Hancock, one of the Proprietors of the Henderson *Index*. Mr. H. reports his paper in a flourishing condition, a report we are glad to hear. The *Index* is a sprightly weekly, and is a valuable addition to our exchange list.

MARCH—The old "Blow-hard," true to his instincts, is keeping up his fire of wind upon us. He has not ceased his labors, to wet his whistle since he was ushered in on Sunday morning.

The inhabitants of Pittsburg, Penn, above any other city in the country, have a mania for work. Men worth a million there can't keep out of the foundries and machine shops.

The money transactions in Wall street, New York, yearly, are estimated, by an English magazine essayist, at between $15,000,000,000 and $16,000,000,000.

At a dance in honor of a newly married pair at Norwich, Ct., last Sunday evening, the party got drunk, the bridegroom was whipped and the bride received a black eye.

The marble columns of the buildings in Philadelphia once used for the United States Bank are to be given away to be re-cut into soldiers' monuments.

In five years from this time, if the propagation of fish goes on in anything like the ratio of the past two years, trout will be plenty in our markets at five cents a pound.

A Soi-disant Literateur recently went to the editer of the Cincinnati *Commercial* and offered to sell him an article which the journalist himself had written two years before.

Miss Jane Proctor, who was captured by the Cheyenne Indians twenty years ago, is now stopping near Emporia, Kansas. She escaped only a short time since.

An Actor in Paris who had lost his reason recently, died in an insane asylum. A few minutes before his death he raised himself in bed and asked, "Is this the last act on?"

The Second Adventists baptized a young lady at Salisbury's pond, at Worcester, Mass. last sunday, cutting through ice fifteen inches thick.

A correspondent of a western paper, evidently not much accustomed to travel, describes a railroad ride by saying, "Our trusty engine bore us on with the speed of the unfettered winds."

FROM SAM TO HIM!

At a bar dinner, Mr. Sam Ewing, a lawyer and a punster, was called upon for a song, and while hesitating to respond, a judge present observed that it wouldn't be much, as it would be but Sam (psalm) singing. "Well" rejoined Ewing, "Even that would be better than him (hymn) singing." The judge wilted. For ourself, we are not much of a singist, though we cannot refrain from occasionally trying to sound the praises of the great "BARLEY SHEAF" COOKING STOVE. This stove combines many admirable qualities, burns either wood or coal, and richly merits all the good things said of it.

Messrs. STUART, PETERSON & CO., Philadelphia are the manufacturers. Beware of imtations.

CORN AND MEAL, At R. K. FERRELL'S, Hargett Street,

LATEST BY TELEGRAPH.

Reported for the Daily Raleigh Register.

Congressional.

WASHINGTON, March 3.

The Finance Committee was directed to inquire into the expediency of repealing taxes on incomes and manufactures. The Clerk of the House announced the passage of the impeachment articles and the appointment of managers.

The Secretary of the Senate was directed to inrorm the House that the Senate was ready.

The bill funding the national debt was resumed after executive session. Adjourned.

HOUSE—Under the regular call the following bills and resolutions were introduced:

Mr. Blaine, a bill to build levees on the eastern bank of the Mississippi and to reclaim the overflowed lands.

A joint resolution for the protection of industrial interests.

A resolution providing for as much speed in the impeachment trial as is compatible with justice.

A resolution increasing 20 per cent tariff on wines, spirits, manufactures of cotton, wool, silk and iron.

A bill by Mr. Raum, of Illinois, for the construction of a railroad from Cairo to the Rio Grande and for homesteads along the road.

A memorial from the Wisconsin Legislature to connect the waters of Lake Michigan and the Mississippi river.

The Judiciary Committee was directed to inquire whether Congress has power to regulate freights on roads running from one State into another.

A motion to suspend the rules to admit a protest against impeachment was lost by a vote of 49 to 72.

The impeachment managers introduced two additional articles—the seventh of first series being stricken out. They are known as ten and eleven. They were adopted by a strict party vote.

The tenth is Butler's, charging the President with misdemeanors in speeches made while swinging around the circle. The eleventh is comprehensive charging the President as saying, in 1866, in Washington, that Congress was illegal and could only act so far as he chose to recognize it, and with violation of two or three acts in effort to keep Stanton out after the Senate had overruled his reasons for suspension. This articles includes Stevens' charge, which failed yesterday.

The managers are authorized to send for persons and papers. Adjourned.

Washington Items.

WASHINGTON, March 3.

Lewis Walfley was nominated Assessor of Internal Revenue for first District of Louisiana to-day. Referred to Finance Committee. There are strong probabilities of his confirmation. The event is important as showing combined intercourse between the President and the Senate.

Bingham is chairman of the impeachment managers. Stevens received the lowest vote for manager.

Col. Dan. E. Sickles has been ordered to report to Gen. Hancock to command the 20th infantry.

Stanton left the War Department for a few minutes to-day. The first time since Feb. 21st.

Matt. Carpenter, of Wisconsin, followed Judge Black in the McCardle case.

There was a brief cabinet session to-day.

Revenue to-day will reach nearly a million.

It is stated that the debt statement will show an increase of several millions.

Virginia Convention.

RICHMOND, March 3.

A resolution approving impeachment lies over. The judiciary committee reported adversely on a petition asking removal of present State officers; also, against the repudiation of debts contracted prior to 1865. Committee on judiciary reported in favor of the appointment of judges by the legislature. Commonwealth attorneys and clerks of courts are to be appointed by the courts they belong to. The attorney general is to be appointed by the supreme court. County courts are abolished, and county judges are to be appointed.

The $6000 remaining is to be divided—each member receiving $42—the remainder to be divided among the officers. Hunnicutt closed the debate on suffrage by saying that he had seen such determined opposition to reconstruction that he was willing to disfranchise 20,000 more than the acts did.

Georgia Convention.

ATLANTA, March 3.

The Convention completed the judiciary debt. The Governor is allowed to appoint a notary public, with the functions of a Justice of the Peace, in each judicial district. Volunteer companies may be formed. Millitia duty may be avoided at small expense.

Bryant brought the Atlanta *Intelligencer* to account for insults offered in this morning's editorial. He begged out of it.

South Carolina Convention.

CHARLESTON, March 3.

An animated discussion arose to day whether the education of children shall be made compulsory. A strong effort was made to force white and negro children to attend the same schools. A petition has been sent to Congress asking that lands on the coast, sold for taxes, be given destitute freedmen.

Maryland Election.

BALTIMORE, March 3.

The Legislature voted for Senator to-day. No choice. The Houses voted separately. Mr. Thomas, who was rejected by the U. S. Senate, received the highest vote. To-morrow the Legislature will vote in joint session. The vote was very scattering.

Barnum's Museum.

NEW YORK, March 3rd.

Barnum was insured for $141,000. The giraffe, valued at $20,000, will die from burns. A pair of tigers burned valued at $25,000. The Gorilla was burned, and the giantess and Circassians. Barnum barely escaped losing everything. Twenty-eight animals burned.

PROSPECTUS.

Having long felt that a necessity existed for a journal in the Southern States devoted especially to Music, the undersigned has at length determined to issue a periodical, to be called

THE SOUTHERN JOURNAL OF MUSIC.

The people of the South have always been noted for their love of the Fine Arts, as well as the culture of good taste in every household; and though the war has left but little time and less ability to pursue favorite studies, yet the old love remains, and will show itself in greater devotion than ever, as rapidly as the people can recover from the terrible results of the war. The undersigned, therefore, confidently expects his enterprise to be a popular one, while with him will rest the responsibility of making it a successful one.

It is the fixed determination to labor for the continued cultivation of good taste, by producing earnest thoughts from the best thinkers, all aimed at the one great end, of adapting High Art to the popular taste, and thus, if possible, preventing that demoralization in Music which has nearly ruined the hopes of Art in other departments.

THE SOUTHERN JOURNAL OF MUSIC will be a monthly of sixteen pages, each number containing from three to five, or more pages of good music—the music alone, if bought in the usual way, costing five or six times as much as the subscription price. Great care will be exercised in the reading matter, and the most scrupulous regard will constantly be had to the presentation of that only which tends to elevate the taste.

TERMS—$1 00 PER ANNUM IN ADVANCE.

The price is fixed at such a low figure that club-rates are not admissable, but a liberal per centage will be allowed to any who will forward a list of twenty-five or more.

The first number will be issued about the first of October next, and succeeding numbers will appear regularly every month thereafter. Should the subscription list justify the expense, improvements will be made—time will show occasion; but the journal will be published whether the list will justify the improvement or not.

Music Dealers, Seminaries, and others who feel interested in such an enterprise are requested to exert their influence in favor of the Journal.

Editors who receive this prospectus and make a notice of it, stating our terms, &c., will please send copy of paper marked.

WEDNESDAY, MARCH 4, 1868.

She Loves me no Longer.

TO AN ABSENT ONE.

The flowers I cherished
Are withered and sere;
The hopes are all perished,
That once were so dear.
Only sorrow and sadness
Abide in my breast,
And my heart is so weary,
It longeth for rest.

The faith that I trusted
Has fled like a dream,
And has vanished like vapors
That mantle the stream;
For she loves me no longer—
She's broken each vow,
And has chosen another
To smile upon now.

I've seen her beside him,
Her hand in his own,
And she listened with pleasure
To catch his low tone;
And I saw how she struggled
To hide her deep sighs,
As her glances stole upwatd
To meet his dark eyes.

I loved her so dearly!
Her love was my life;
It strengthened my spirit
To meet every strife;
And it filled my glad bosom
With music and song,
And scattered sweet fragrance
My pathway along.

Her love was the flower
That breathed its perfume
Around my existence,
And freed it from gloom.
But she loves me no longer,
My hopes are all fled,
And my sad heart is longing
To sleep with the dead.

VALUABLE

FARM FOR SALE.

The subscriber offers for sale the valuable Farm, in CHATHAM COUNTY, N. C., containing

500 ACRES.

The farm is situated in the Southwestern portion of the county, in the midst of the best Coal and Mineral region of the State; being in one mile of the Ore Hill Iron Works, that have been successfully worked during the late war. The celebrated Mineral Springs are also about one mile distant.
The improvements consist of a large TWO STORY DWELLING, well finished and painted, KITCHEN and SERVANTS HOUSE, Large Framed BARN and STABLES, all in good order. The House is beautifully situated on an elevated position, surrounded by a large yard of about four acres, filled with forest trees, which form beautiful scenery and effectual shade. 125 acres have been in cultivation, the balance in original forest, consisting of Pine, Oak, Hickory, Dogwood, &c., &c.; 10 acres in

GOOD MEADOW,

and 50 acres more could easily be added if wished. There is a

FINE YOUNG ORCHARD

of selected fruit, just coming into bearing, consisting of Apples, Peaches, Pears, Cherries, &c. Also, an Orchard of about 8 acres of the natural fruits in full bearing, many of the varieties are equal to the grafted kind.
The Western Railroad, from Fayetteville Greensboro, (now building) 50 miles now in operation, passes near the property—the Ore Hill Depot being within a mile of the land. The cars now running within 10 miles of the farm, and the Road is expected to be finished during the next year. The Chatham Roilroad, now partially graded, and the Cheraw Railroad all centering in the mineral region of Chatham county, will pass near this property. Thus making it very valuable for investment. Good Mills, Churches, School Houses, Masonic Hall, large Tanneries, &c., all within convenient distance. The subscriber being about to remove to the Eastern part of the State is unable to attend to the property and will sell on reasonable terms for cash or credit.
To any one wanting a good Wheat, Oat and Grazing farm, with good water and healthy location, the above offers a chance not often met with. Address

PHILADELPHIA ADVERTISEMENTS.

PHILADELPHIA

University of Medicine and Surgery.

Organized, 1848. Chartered by the Legislature, February 26, 1853. Amendments to Charter, February 15, 1860, and March 15, 1865.

Two full sessions of Lectures each year, commencing the first of October, and continuing until April. The Dissecting Rooms are open, and private lectures and quizzes continue during the entire year. The first session continues until Christmas, or for three months, and the second until the first of April, or three months; the two constituting one full course of lectures. Examination of candidates for graduation will occur at the end of each session.

REQUISITES FOR GRADUATION.

The requisites for graduation are three sessions of lectures, and three years only; or four sessions, including two years spent at the University.

THE SYSTEM OF MEDICINE TAUGHT.

The University is a liberal medical school, in which all branches of medicine and surgery are taught, including the preparatory studies, without regard to any sectarian views. Hence, while they deprecate the exclusiveness of Allopathy, Homœopathy, Eclecticism, Hydropathy, etc., they believe that all principles of cure and therapeutical agents should be taught in all well-regulated medical schools, and that every intelligent, honest, and thorough practitioner is entitled to all the courtesies and privileges of the profession, without regard to his peculiar notions in therapeutics.

FEES.

The fees for all branches, including all the tickets, matriculation, and dissection, are sixty dollars a session, or one hundred dollars per year. Those who purchase tickets only have to matriculate once, which makes the second session Fifty-five Dollars, including demonstrator's fees, or One Hundred and Fifteen Dollars for a full course. To aid young men of moderate means, the University has issued five hundred scholarships, which are sold to first-course students, for Seventy-five Dollars, and to second-course students and clergymen for Fifty Dollars, each constituting the holder a life member, with the perpetual privileges of the lectures, and all the teachings of the school. The only additional fees are a yearly dissecting and matriculating ticket, each of which is Five Dollars.

THE ADVANTAGES OF SCHOLARSHIPS.

The student holding a scholarship can enter the College at any time during the year, attend as long as he chooses, and re-enter the Institution as frequently as desired.
It requires no previous reading or study to enter the University on scholarships, hence all private tuition fees are saved.
Students, by holding scholarships, can prosecute other business a part of the time.
The candidate for graduation can present himself at any time, and receive his degree as soon as qualified.
In case a student should hold a scholarship and not be able to attend lectures, it can be transferred to another, thus preventing any loss.
Parents, guardians or friends of students wishing to purchase scholarships for them, a year or more before their attendance at the University, can secure them by advancing one-half the price, and paying the balance when the student enters. Physicians and benevolent men can bestow great benefit upon poor young men, by presenting them a scholarship, and thus enabling them to obtain an honorable profession.

PROSPECTUSES.

THE NEW YORK TIMES.

A POLITICAL, LITERARY AND MISCELLANEOUS NEWSPAPER.

Enlargement of the Daily, Semi-Weekly and Weekly Editions.

The NEW YORK TIMES has recently been enlarged to the size of the London *Times*, and is now one of the largest and cheapest newspapers in the world. Each number of each edition contains eight pages of seven long columns each, making *fifty-six* columns in all. It is always printed on good paper and in clear type—making it the handsomest and most legible Newspaper in the United States.
The TIMES aims, first of all, to give the earliest and most reliable *NEWS* from all sections of the United States and from all parts of the World. Its CORRESPONDENCE, Foreign and Domestic, in variety, fullness and literary interest and ability, is not surpassed by that of any other journal. In the Southern States especially, from which it has been so difficult to obtain reliable information, the TIMES has a large number of able, intelligent and candid correspondents whose reports of incidents and opinions are of great interest and value; and from every Capital in Europe it receives early and reliable intelligence.
In its EDITORIAL Department the TIMES seeks to criticize passing events of every kind with candor, intelligence and a paramount regard for the best interests of the community. It avoids always appeals to mere passion, and aims to direct and convince the judgment rather than appeal to prejudice. In politics it maintains the fundamental principles of the Union Party—seeking the Restoration of Peace and Union on the basis of Equal Rights and universal justice, and urging always and everywhere the elevation and improvement of all classes of the community. In dealing with the South it will insist upon a just and considerate policy—demanding full and steady obedience to the Constitution and laws of the Union, ample protection for the enfranchised slaves in all their rights of life, liberty and property—the development of the material resources of the country, and the general advancement of all classes of the people in education, morality and religion. All topics, in all departments, foreign and domestic, will receive in the TIMES full and careful discussion.
In LITERARY criticism and intelligence, the TIMES will be especially full and complete. Elaborate and extended Reviews will be made of new works that may deserve them, and no pains will be spared to make this Department more than ever satisfactory.
The AGRICULTURAL, COMMERCIAL and FINANCIAL Reports of the TIMES will be prepared with quite as much care, and will be in every respect at least as full and satisfactory as those of any other paper.
Its Reports of Congressional and Legislative Proceedings, of public Documents of value of all kinds, of Proceedings in Courts, of public meetings, etc., etc., will be full and reliable.
No pains or expense will be spared to make the Times the most valuable, interesting and reliable newspaper in the United States. It has a very large corps of able and experienced writers in every department, and will add to their number, both at home and abroad, as circumstances may require.
